**MANCHAUG TEEN CHOSEN DISTRICT WINNER
IN VOICE OF DEMOCRACY CONTEST**

District run-offs in the Voice of Democracy Contest in the Department of Massachusetts Veterans of Foreign Wars resulted in the selection of eighteen contestants in the Department competition. Jeffrey Nedoroscik, son of Mr. and Mrs. Andrew Nedoroscik Jr. of Putnam Hill Road in Manchaug, was selected as one of the district winners. Jeffrey is a Junior at Sutton High School.

Jeffrey and his parents will attend the Annual Voice of Democracy Awards Dinner and Reception at the Windsor Mills Restaurant in Dracut on Saturday, January 10. The announcement of the First, Second, Third, Fourth and Fifth Place Winners will be made at this dinner.

Jeffrey was the winner of the local Voice of Democracy Contest sponsored by the Women's Auxiliary of the Charles F. Minney Post of the V.F.W. The following essay, written by Jeffrey, is on the theme, "The Challenge of American Citizenship".

By Jeffrey Nedoroscik

Citizenship may be defined as "the state of being vested with the rights and privileges of a citizen". In the past, the American citizen has had to meet challenges to secure these rights and privileges just as the American citizen is still meeting challenges today.

When news of the discovery of the "New World" crossed the oceans, people decided to take a chance on this "promised land". Slowly more and more people made the long, treacherous journey to settle in the New World. They came with hope for a better way of life for themselves, their children, and their children's children. They came for commercial reasons, religious reasons, political reasons, and

for the freedom to live as they wished, not as they were told. They were the people who met the challenge and who came up winning to give us what we have today--freedom.

Anyone who has grown up as an American citizen has always known freedom. To us freedom is a way of life but to many freedom is just a dream. We get bored with saying "I pledge allegiance to the flag of the United States of America", while others dream of being able to say it. We read the daily newspapers as a matter of course and forget that the paper that we are reading is not government censored. We don't realize how lucky we are to be American citizens until we look at our country through the eyes of the rest of the world.

This past summer when the restored Lady Liberty was unveiled, amidst the fireworks and celebrations I was fortunate enough to hear an interview with an immigrant to the United States. This man told the world with tears in his eyes, "She was the first thing we saw. We love her. She is beautiful--she is America". It shocked me when I thought about the fact that many new Americans are more patriotic than myself, a natural born citizen. This is when I realized that it is not how long you've lived in a country that makes you a good citizen, it is how much you believe in your country.

America is the "melting pot" of the world. All types, all races are bonded together through their heritage to create a "more perfect union". The people and government of the United States have set standards. Our way of life is an example to the world of equality, responsibility, and social awareness and it is an example of what can be achieved through hard work and perseverance. We are a leader in the quest for peace throughout the world.

Today, every person calling himself an American should strive to live up to the ideals established by generations of our forefathers. If you don't give something your best shot, just think of what you could have been and then think of what you can be in the future.

An American citizen in the eighties, however, is forced to meet challenges that are dramatically different from those of the past. Very few of us face physical attacks but all of us are confronted with verbal attacks from adversaries and even allies against the actions of our country in the areas of space exploration and national defense. Our country, once the world's manufacturing leader, is now flooded with imported products and the American citizen is forced to choose all too often between U.S. goods and lower priced imports. Throughout this, the American citizen is challenged to have faith in their country, their government, and their way of life. Our unique government is a government by the people, of the people, for the people and it is the people who have labored, fought and believed in their country to create a new government and a new way of life which is like no other in the world to last for generations to come. It is a way of life that a citizen can be proud to be a part of. We, together, form those generations and are challenged to proclaim our pride in America for the generations that are to come. A country built on a confident people cannot fail. Without the support of the American citizens, our country would be nothing at all. Let us continue to meet the challenges so that the star-spangled banner can proudly wave or forever.

- The Class I, II, and III licenses for 1987 were again reviewed and it was reported that some licensees will require monitoring of their operations. One individual has been asked repeatedly to erect a fence and plant vegetation to shield junk cars from the public view and

- The Building Inspector made a request to increase his secretary's regular hours from 30 to 40 hours weekly. It was noted that his secretary also provides clerical support to the Planning Board and the Board of Appeals. Upon further discussion, Bob Reed, Administrative Assistant to the Selectmen, stated that no additional funds were available in the Building Inspector's budget to fund the proposed increase in salary. The Selectmen instructed Reed to contact each of those departments. If they can come up with unallocated funds which they are willing to use to fund the increase, the Selectmen will be amenable to approving the increase in hours. "You can't spend what you don't have," said Johnson, remarking that no additional funds would be forthcoming.

SCHOOL COMMITTEE MINUTES By Edward J. Cooney

DECEMBER 17, 1986

Chairman Hanratty called the meeting to order at 7:35 p.m.

With the exception of Alan Tuttle, all members were present.

Minutes of the previous meeting were approved, with several corrections, on a 2-0 vote with Hanratty and Pease abstaining.

Hanratty turned the meeting over to Dr. Sylvia, who introduced Jim Tuttle, the Student Representative to the School Committee.

Tuttle reported that the Student Advisory Committee had met with Principal Daniel Carmody to discuss student's concerns. The Student Committee reviewed the amendment to the Drug and Alcohol Policy. Tuttle stated that most of the kids signed a statement that they had read the new changes, but did so with a general attitude of "The kids don't care".

The College Connection Group, run by Paul Clancy, has had a membership of five students. Tuttle stated that he had attended two or three meetings. The remaining meetings will be put off until after the Christmas vacation. Carmody had indicated to the students that a Spring Session might be held for Juniors. Tuttle stated that this would give students a chance to start working on college search and preparation in the Junior year.

The Winter Carnival will be held in February and Tuttle noted that there seems to be more enthusiasm this year, possibly because of the inclusion of the eighth grade students.

"The Lip Sync pop band concert involving teachers and students went over well and was extremely popular with the students," reported Tuttle. Two more shows are being organized, one in February and one in the Spring.

The new gym programs added to the Physical Ed classes are more exciting and are making gym classes a lot better stated Tuttle. Indoor soccer, team hand-ball, and Frisbee, seem

to have added a new dimension to the Phys-Ed Program.

The S.A.D.D. sponsored dance went well and was well attended by the students.

The last item in Tuttle's report expressed the students wishes to have increased access to the soda machine after school and during evening events.

Scott Pease, a Student Advisor member, gave a brief report on the Drop-Out Prevention Program called "Early Achievement". Pease stated that the program has created a positive attitude in the 15 students who are involved. He noted that 73% of those participating have passed four or more of their course this year. These students are working with teachers and children as part of the program. Two or more students were placed on a probationary status and were not allowed to participate in the Elmwood Program. "It has helped students, as an incentive, to upgrade their marks to passing grades," he said.

Dr. Sylvia stated that the program has made a difference and that he was pleased with the progress. He noted that eight teachers at the Elmwood Street School were cooperating in assigning students to serve as aides. "It is a delight to see these aides reading to the younger students. It is a very positive program," he said.

In response to Mrs. Cooney's request for an explanation of the program, Dr. Sylvia stated that this was a new component added to the Early Achievement Program under the direction of Mr. Genese, Mr. Leonard and Mr. Clancy.

Wilczynski then brought up a matter concerning the Release Time Day reports. He indicated that there seemed to be a heated debate over the effectiveness of the Work Study Program and that a suggestion had been made to eliminate the program.

Student Advisory member Tuttle stated that he thought the program was working well and that it provided an opportunity for students to earn five credits. "It is not just a mere

MILLBURY SELECTMEN'S MEETING DIGEST

By Edward J. Cooney

DECEMBER 16, 1986

- The Board voted 4-0 to approve the extension of licensed liquor pouring establishment hours of business to 2:00 a.m. on December 31st.

- Under "Old Business", Chairman Adams informed the Board that the turbines for the resource recovery plant had arrived and that the generators were in transit.

Adams stated that construction is 90% complete and the commercial operation will begin before 1987.

- At 7:20 the Board was introduced to Chris Nelson, the Town's new Planning Aide. Adams informed Nelson that the Planning Aide also carries the additional responsibilities of being the driveway inspector and the hazardous waste inspector.

Nelson stated that he had spoken with former aide Alan Gordon and was familiar with all his responsibilities.

He was then appointed to both positions by a 4-0 vote.

- Selectman Donald Gauthier then read a letter from Michael O'Leary stating that he

would have to withdraw from the Youth Task Force Study Committee. The Board voted to accept his resignation with regret.

On a 4-0 vote, Terry O'Brien was voted in to replace O'Leary.

- At 7:30 p.m., Lynn Stover, of Herricks Lane, was recognized by Adams. Mrs. Stover, and several of her neighbors, came before the Board to voice their concerns regarding the condition of Herricks Lane.

Mrs. Stover stated that nothing had been done to alleviate the poor conditions on Herricks Lane since speaking to the Board two weeks ago. "It was my understanding that the road was to be made passable. The Highway Department refused to come up. Mr. Chase did not write to the Highway Department as you requested," she said. "This was supposed to be a Town road," she continued. "There was a petition for Herricks Lane to be a public road. Owners of property on Herricks Lane signed off property rights along Herricks Lane. The Article was approved by the Town Meeting in 1971. The road was blasted, paved, and totally taken care of. A deed was supposed to be drawn up and turned over to the Town. A description of the property of the owners was given to the Town. All of a sudden the Town doesn't have the deed."

Adams replied that there was no recorded ownership by the Town. Mrs. Stover responded

by saying, "The people were faithful to the Town. They obeyed the rules and turned over their property to the Town. It is the Town's responsibility. It is not the people's responsibility."

Adams noted that Town Counsel, at that time, would have had to take the legal steps to record the property sign-offs, to make the acceptance by the Town legal. "I don't know. He may not have been given the go-ahead or the papers to do it."

Adams went on to say that he had driven down Herricks Lane and was able to make it through. He did state that he wasn't defending the condition of the road.

Selectman Jude Cristo stated that even though the Town Meeting had accepted Herricks Lane as a Public Street, it was never recorded. "It was an oversight. We would have to go out and get the deed now," Cristo said.

Administrator Earl Chase then noted that Ben Miles is currently the owner of much of the land, including the street.

In response to the question of whether it is a town road or not, Adams stated that it was not. "The legal process has to be satisfied, even though the Town Meeting accepted it."

Replying to Mrs. Stover's question regarding notification of the Highway Department, Cristo stated that her information was incorrect. Cristo

SELECTMEN from Page 5

was then informed that a newspaper article had stated that the Highway Department would be notified. Cristo replied that he had been misquoted on several occasions in the past.

[On December 2nd, at the suggestion of Cristo, the Board of Selectmen voted 3-0 to contact the Highway Department and ask them to do what they could to make the road passable.]

Mrs. Stover also stated that she had talked to Donald Army (Highway Surveyor) and was told that he had not received any word, by letter or by phone, regarding Herricks Lane.

Adams then informed the residents that Miles intends to pave a stretch of road under excavation, and that he has already placed an order to pave with a company.

Miles, who was present at the meeting, announced that the road will be done in that area when the weather is appropriate.

Cristo then asked Miles if, in the spirit of mutuality and cooperation, something could be done in conjunction with the Highway Department.

Miles agreed that something could be done and stated that his middle name was "Mr. Cooperative". He noted that the Title Company (Worcester County Abstract) has led him to believe that he owns Herricks Lane, from Route 146 all the way through.

After several more minutes of discussion, the Chair cut off debate and suggested that the group check back with the Board the second week in January to see what progress had been made in resolving the problem.

After a short lull in the meeting, Adams recognized Jean Lewis, President of Lewcott Chemical. Lewis came before the Board to report on the progress of odor emission controls at the Millbury plant. Approximately 50 residents were in attendance to hear Lewis' report.

Lewis then introduced Pankay R. DeSai and Timothy R. Sutherland, consulting engineers associated with Buonicore-Cashman (B.C.A.) of Bridgeport Connecticut, the firm chosen by Lewcott to provide the controls. Lewis noted that both men were professional engineers and have been involved in the design and installation of "dozens" of pollution control systems similar to the incinerator which will be installed at the Millbury plant.

DeSai gave a slide presentation and explanation of the type of fabric coating process used at Lewcott.

The slides depicted graphic designs of the process to be used in a fume incineration system which will operate at 1400 degrees fahrenheit. DeSai reported that this will reduce harmful

vapors to carbon dioxide and water.

DeSai then stated that the equipment to be installed will be "state of the art equipment," as required by DEQE. "Testing will be done. Reports will be submitted to DEQE for review. We are committed to delivery by September 1, 1987, and the equipment will be operational by October 1, 1987."

Selectman John Donnelly then inquired as to its use elsewhere.

DeSai replied that this type of technology has been used in many types of processes, in cloth industries and automobile industries. "It is well known and well proven," he said.

Lewis noted that Flexcon, located in Spencer, uses a similar process. He suggested that the Board could review their system.

Steven Stearns, representing the Millbury Awareness Group, inquired as to the height of the stack to be installed and was told that it would be 15 ft. above the roof line or 30 ft. from the ground. He also asked if, after preliminary testing, periodic testing would be done. DeSai explained that follow-up checks would be made by observing temperature readings.

DeSai also stated that B.C.A. will guarantee performance, design, and testing of the equipment to be installed.

In response to questions on maintenance, Sutherland stated that there would probably be a scheduled shut down on a yearly basis.

Richard Phelan, a member of the audience, asked for a price cost of the equipment and was told that the cost would be \$200,000 for equipment only.

Carol Perry, also representing the Millbury Awareness Group, asked, "When there is a problem, and if it does not work - what will be the next step?"

DeSai replied that her question was hypothetical. "It will work. We will make sure it works."

William Dodge, Grafton Street resident, stated that he has spoken with residents of Spencer who live near the Flexcon plant and they have told him that odors still exist.

Mrs. Perry then asked if they (Flexcon) were using the same process as Lewcott. Lewis replied that some are the same but the resins are different.

Brian Perry, Grafton Street resident, asked if the present equipment to be installed could be adapted to other chemicals. DeSai replied that the burner can be adapted or modified by raising the temperature for other materials.

Adams then asked if progress was being made in changing the formula. Lewis indicated that orders from a company that used the new formula will be shipped in January. "We are awaiting customer demand. Progress is being

ON THE SHELF

By

Elaine Loehman

"YEAR OF THE READER"

The beginning of a new year, completely fresh with limitless possibilities. And this year is especially exciting for those of us interested in encouraging the reading habit. 1987 has been designated as the "Year of the Reader" by the Library of Congress Center for the Book. A proposed joint congressional resolution authorizes and requests the President to issue a proclamation encouraging activities "aimed at restoring the act of reading to a place preeminent in our personal lives and in the life of the nation". With the rising illiteracy rate and perhaps not so coincidentally the rising drop out rate in our schools, it is past time to focus attention on something that librarians, educators, and many parents have been aware of - the importance of reading. Throughout the year many organizations will be planning special programs to highlight their efforts in this direction. The Millbury Public Library is no exception. We hope everyone will join with us to make 1987, and every year, the "Year of the Reader".

January - winter weather and cold and flu season. Everyone knows how boring it is to lie in bed with nothing to do. Now the Children's Room has something that will help the kids while away the hours - "Get-Well Boxes". The boxes are filled

with materials gleaned from the collection and supply closet. They include paperbacks, a cassette book set, crayons, stickers, and other craft materials with directions for simple projects and a get well card from the Millbury Public Library. Two boxes will be available for circulation on January 10th. One will be geared to the younger child, pre-school through grade two. The second will be geared toward grade three through grade six. Get-Well boxes may be checked out for one week. Hopefully, your child will only need it for that length of time.

COMING UP SOON

Sound Investments: A three part series on personal investments with special emphasis on tax reform issues. First program, "Financial Planning", will take place on January 8 at 7:00 p.m. in the Library's meeting room. The program will involve a discussion on the elements of estate planning, including wills, trusts, estate taxes and joint ownership - addressing specific elements in detail. Presented by Edward J. Connor, Senior Trust Officer, Trust Department of Shawmut Bank.

Reading-Discussion. On February 3, at 10:00 a.m., there will be a discussion of Anne Tyler's award winning and best selling "Dinner at Homesick Restaurant" at the Library in the meeting room. Books are now available at the library.

MEMORIAL SERVICE TO BE HELD FOR MARIAN PHELPS

MILLBURY. Marian J. Phelps, 89, died on Sunday, December 14th. Mrs. Phelps was the wife of the Reverend Marion R. Phelps, who was the Minister of the First Congregational Church in Millbury from 1951 to 1968.

A memorial service will be held at the First Congregational Church on Sunday, January 11, at 3:00 p.m.

PUBLISHER TO SPEAK AT SUTTON HISTORICAL SOCIETY MEETING

The monthly meeting of the Sutton Historical Society will be held on Tuesday, January 6th, at 8:00 p.m. at the former Manchaug Baptist Church.

Following the business meeting, Alexander G. Belisle, the publisher of the Millbury-Sutton Chronicle, will speak on "The Canadian American Heritage: A Mosaic of People Enriching Their Communities".

Refreshments will be served and the public is welcome to attend.

I really couldn't resist this one---Ed.

Sundays and Holidays - 8 a.m. to 1 p.m.

DUKAKIS SIGNS AUTO INSURANCE COST CONTAINMENT BILL

BOSTON. Governor Michael Dukakis today signed into law auto insurance cost containment legislation sponsored by Senator John P. Houston (D-Worcester) and Mass. Fair Share.

Senator Houston stated, "The Governor's signing of this bill marks an important advance in the reform of the Massachusetts auto insurance system. As of today, the law now provides the Insurance Commissioner with a new tool to resist the insurance companies' cost-plus approach to rate-setting. The Insurance Commissioner can now base his rate decisions on reasonable costs rather than on the actual costs incurred as a result of inefficient industry operations."

"Massachusetts auto insurance rates are the second highest in the country. It is time to crack down on these rates, just as we cracked down on taxes and health care costs a few years ago. The new law can help us achieve this goal."

Since the legislature passed the bill with an emergency preamble, the law will take effect immediately. This will enable the Insurance Commissioner to use the law when he fixes and establishes the 1987 rates in January.

The law is the product of a five-month lobbying campaign spearheaded by Senator Houston and Fair Share which overcame vigorous industry opposition.

ASSUMPTION SCHOOL NEWS

By Grace Laflash

On December 8, the Feast of the Immaculate Conception, Sister Bernadette Lemoine's and Sister Louise Audet's fourth grade led the student body in prayer for the liturgy of the day, which was concelebrated by the Rev. Msgr. Mederic J. Roberts and the Rev. David W. Carr. Elizabeth Hackett introduced the theme, "Mary in Her Immaculate Conception", and Joseph Szynal read about the Marian Candle. Eight girls participated in lighting the candles, which represented each class at Assumption School: Rebecca Belsito, Kathleen Croteau, Anissa Lewos, Kathryn Hoye, Sara Ferraioli, Jennifer Shields, Marylou Vaillancourt, Christina Venincasa, and Danielle Heck.

The First Reading was by Stephen Commuso, the Responsorial Psalm was read by Valerie Trioli, and a Gospel dramatization was performed by Jennifer DeSimone as Angel Gabriel, and Michelle Murphy as Mary.

A liturgical dance to the music of "Gentle Woman" was performed by Shannon Jalbert. Thomas Couture, Melissa Catacchio, Jessica Monopoli, Shane O'Coin, and Marylou Vaillancourt read intercessions. The gifts were carried by Kathleen Croteau, Sarah Prince, and Kathryn Hoye.

The altar boys were Grade 4 students John Rock and Michael Hargrave, and Joseph Brady from Grade 7. Sister Lucille Cormier directed the music.

REPRESENTATIVE MOORE TO CHAIR FINANCE COMMISSION

BOSTON. House Speaker George Keverian today announced the appointment of Representative Richard T. Moore (D-Uxbridge) as House Chairman of the Special Commission on Infrastructure Finance.

The commission, established by section 64 of chapter 206 of the acts of 1986, will investigate alternative methods of financing infrastructure construction and repair including, but not limited to revenue bonds, bond banks, privatization, sale-lease back, user-fees, increased utilization of the tax on motor fuels, and tax increment financing.

Moore, a former chairman of the Legislature's Committees on State Administration and Taxation, was one of the leaders in opposition to the Dukakis Administration's MASSBANK proposal in 1984 and 1985.

VALLEY TECH TO HOLD INFORMATION PROGRAM

MILLBURY. Valley Tech will conduct an information program for students and parents with regard to applying for September, 1987.

The two hour program will start at 7:00 p.m. Included will be a discussion of the application process, a question and answer session, a brief film on vocational education, and an opportunity to tour the facilities and talk with teachers.

Interested Millbury residents are asked to attend on Thursday, January 22, 1987. If necessary, Millbury residents may also attend on either January 20 or 21.

AROUND THE TOWN AND GOLDEN AGERS UPDATE

By Lillian C. Sheehan

WOMEN'S CLUBS

Rather than wrestle with the weather and plan a program that has to be cancelled because of a sudden storm, both the Millbury Woman's Club which usually meets on the first Monday of the month, and St. Brigid's Women's Club who meet on the third Thursday of the month, will not meet during the month of January.

RAIN A BLESSING TO SOME

The lack of snow for Christmas perhaps left a few sleds stacked up on the back porch - but with the many new games and toys so life-like, and the hustle and bustle of other gifts under the tree, all must have held the youngster's interest. As for those who had to travel any distance and drive, the rain was a blessing in disguise.

We trust you all had a good Christmas. Perhaps we should keep the following recipe on hand and use it occasionally:

CHRISTMAS BY THE CUPFUL

A Heaping Cup of Happiness,
2 of Love and Caring,
1 of Understanding,
1 of Joyful Sharing.
A level Cup of Wisdom,
1 of Artful Living,
1 of Thoughtful Insight,
1 of Selfless Giving.
Mix Ingredients Together,
Toss in a Little Flair
Serve to Everyone You Know
Topped With a Tiny Prayer!

SPEEDY RECOVERY

At Centerview Apartments, we were happy to welcome home Ida M. Taylor, Secretary, who

was able to attend the Christmas party. However, she is back at St. Vincent's for more tests. Also a patient there is Ann Ethier. We wish both a Speedy Recovery!

Mr. Jean Deslauriers of 95 Elm Street is a patient at Beaumont Nursing Home.

HAPPY BIRTHDAY

At Colonial Apartments, Jerry DeSantis and Barbara Saucier will be observing birthdays - Many Happy Returns Jerry and Barbara!

At Centerview Apartments, Frank Sheehan will start the new year with a birthday on the 1st and Catherine McGovern will celebrate hers on the 7th. Best Wishes to you both!

Ann Callahan of the Linden Apartments will join Elsie Conlon, Flora LaBreck, and Henry Cournoyer in observing their January birthdays and we wish them all the very best. However, the top honors this month belong to a young lady who will be featured in the January 8th edition of our paper - none other than Mabel Doyon.

SCHOOL MENUS

WEEK OF JANUARY 5 - JANUARY 9

SUTTON SCHOOL MENUS

MONDAY: Clam Roll, French Fries, Corn, Chocolate Chip Cookie, and Milk

TUESDAY: Tuna or Egg Salad Sandwich, French Fries, Green Beans, Raisin Oatmeal Cookie, and Milk

SUTTON from Page 3

- An audit of the Town's financial affairs will be performed by Main Hurdman, the same firm that has handled this work in years past. Although Main Hurdman was the high bidder for the job, it was noted that Marvin Lainer, the low bidder, would require the clerical staff at the Town Hall to provide much of the secretarial service needed and to assist in locating much of the information for the accountant/auditors. It was felt that time spent by Town employees would roughly equate in dollars to the difference between the low and high bids. In addition, Bob Reed reported that the reputation of Main Hurdman is such that, when the town's bonding rating is fixed by Poor's Index next year in connection with the school bond, the fact that Main Hurdman performed the audit will reflect favorably on the Town. It was also stated that work performed by Main Hurdman in the past was of high quality, and that the firm is a known factor to the Town.

- Under the heading of Old Business, Carl Licopoli related a request that some old records located in the Rufus Putnam Building be removed to the vault and placed under humidity controlled conditions. The request came from Bud Gurney and was approved without objection.

- John Reed requested that the Selectmen approve Friday, December 26, as a holiday for Town Hall employees who would otherwise work that day. He also proposed that Highway Department workers be given compensatory time in exchange for working, in the event they are called in for plowing or sanding.

- During the Town Meeting held December 11, Larry Moore offered an amendment to an Article which would have instructed the Town Clerk to mail the Warrant for future Town Meetings to all registered voters in Sutton. Although the amendment was defeated, Reed asked the Selectmen to consider this idea in a positive manner and to think of new ideas to promote better attendance at Town meetings. It was thought that a better cross-section of voters would prevent control of issues by special interest groups and provide a better sense of the general electorate.

SELECTMEN from Page 6

made. We can't move faster than customer demand."

Mrs. Perry replied that it was unreasonable for residents in the area to have to wait for his customers to be agreeable to accepting the new process.

The presentation and discussion closed with a brief break, prior to the continuation of the Board's meeting.

- Upon return to business, the Board:

1. Voted 5-0 to approve a permit to open up Town land on Glen Road for the purpose of correcting a water problem. The opening will not be in the street.

2. Approved Holiday pay be granted to Chief Brady, as has been done in the past.

3. Discussed briefly the Board's concerns that Ramshorn Pond is not filling up as rapidly as could be expected.

4. Was informed by Donnelly that there will be two Articles presented at the Town Meeting concerning the Department of Public Works Study Committee's recommendations.

5. Discussed, but did not approve, a request for lighting on Stowe Road. The Board chose to wait for a study to be done by Mass. Electric.

LOCAL MAN EARNS CTC

William T. Walsh of Brancy Road in Millbury, recently earned the professional designation of CTC (Certified Travel Counselor) from the national Institute of Certified Travel Agents, based in Wellesley, Mass.

Walsh joins over 8,400 other travel professionals across the country in achieving this distinction.

To receive certification, he had to acquire a minimum of five years full-time travel experience and complete a two-year, graduate-level course in ethical and efficient travel management. He also had to pass four 4-hour exams and write a travel paper.

The Institute of Certified Travel Agents is the one nonprofit, educational arm of the travel industry. Over 7,500 candidates nationwide are studying for the CTC designation, which was established in 1964.

SCHOOL from Page 4

job...Kids are released from school fifth and sixth period...It is keeping kids in school...They are benefitting from their jobs...it helps seniors who are going to college."

Another Advisory member, Lori Gardner, also noted that the Program was very helpful and that many college bound students were using it successfully.

Dr. Sylvia interjected that the Program has been tightened up. "Tom Murray can give you more details on the Program...There are 85 students on this Program...It is a valuable program, preventing dropout...Students working 10-15 hours per week have good grades...It causes no adverse affects on grades. Students working over 20 hours per week may be affected. Mr. Murray works well with employees to try to keep the hours reasonable."

Mrs. Cooney stated that she thought the Program was helping to keep some students in school. "It is a constructive and an excellent program run by Mr. Murray."

- Next, Dr. Sylvia informed the Committee that the Industrial Arts Department was planning on building a vented concrete block storage room for storing gasoline, lacquer, and other flammable liquids used in the I.A. Department.

Board member Bruce Pease expressed concern about the flammability of these materials, and suggested installation of explosion-proof wiring with a high flash level.

Dr. Sylvia assured the Committee that those considerations would be dealt with by the I.A. staff.

- Dr. Sylvia then reported that the Lions Club survey for improvements at Windle Field was still being discussed.

Mrs. Cooney requested that Mr. Windle be kept abreast of any proposals and Dr. Sylvia assured the Board that all the material would be sent to him.

- Dr. Sylvia then made a note of the fact that information about the 87-88 Budget was in each Committee member's packet. He stated that the budget reflects the requests from the staff and that there was some room for members to consider cuts during their budget review process, beginning in January.

- Dr. Sylvia then stated that he was proud to announce the selection of James Tuttle as the recipient of the Superintendent's Award for Academic Excellence. Dr. Sylvia and Jim will be attending an awards luncheon to be held at Worcester Tech on January 6th.

- In other business, the Committee approved 4-0, Dr. Sylvia's request to share the costs for a visual instructor, previously supported by the Blackstone Valley Education Collaborative, which will terminate December 31st. Presently, two Millbury students are being serviced at a cost of \$2500 per student, per year.

Business Manager Stanley Stickney spoke in support of the Superintendent's recommendation stating, "We could not do as well on our own."

- The Committee asked Dr. Sylvia to come back with definite ideas concerning the time and location for the awarding of service pins to 75 school employees.

- The Committee voted 4-0 to grant a sabbatical leave to Mrs. Joan Burke from January 1988 to June 1988, with the stipulation that the leave meet the sabbatical leave regulations. The Board also asked, at the request of Mrs. Cooney, that a sabbatical form be developed to be used in the future.

The Board approved:

1. The Superintendent's recommendation of

David Wilbur as Class Advisor for Grade 9

2. Sending letters of congratulations to Carole Chiras and Susan Varin, for mini-grants approved by the State.

3. A request by the Parent's Council at the Shaw Middle School for implementation of a series of four programs, including lectures and theatre performances, to be presented to the students.

- The Committee voted to adjourn into executive session for the purpose of collective bargaining and negotiations with Administrators.

SUTTON CONGREGATIONAL MONTHLY SUPPER

SUTTON. The regular monthly supper of the First Congregational Church at Sutton Center will be held on Saturday, January 3 from 5:00 to 7:00 p.m. The menu will feature Baked, Stuffed Pork Chops, Cream of Broccoli Soup, Indian Pudding for dessert, and the usual homemade bread.

BLOOD PRESSURE CLINIC

MILLBURY/SUTTON. The first Blood Pressure Clinic of 1987 will be held at the Asa Waters Mansion, 123 Elm Street, Millbury, on Tuesday, January 6, from 8:30 to 11:00 a.m. This is one of the many continuing services of the District Nursing Society, serving Millbury, Sutton, and neighboring communities. The Clinic is free and open to the public.

The Society wishes to express its gratitude to Mrs. Barbara Swenson who has worked each month processing clients at the Stay Well Clinics at the Asa Waters Mansion for the last 3 years. This kind of volunteer helps to make the clinics run smoothly.

SPOTLIGHT ON BUSINESS

PLEASANT VIEW MOTOR LODGE

Set far back from a busy Route 146 is Pleasant View Motor Lodge. At the end of a long, serpentine driveway and nestled in and among stately green pines, it is an attractive grey and white main lodge with a high pitched roof, flanked on either side by long extensions of rows of similarly painted rooms stretching like arms drawing attention back to the front office and restaurant, The Pleasant View Pub. In front of the lodge is a picturesque country pond surrounded by manicured lawns that slope gently to the water's edge. In the fall, wild fowl glide effortlessly along the glassy surface; in the winter, it is not unusual to see guests and their children skating in picturesque fashion. The scene is one of tranquility and quiet - a perfect haven for weary travelers or for a get-away weekend not too far from home. It is the ideal location for business gatherings, conventions, and seminars where businessmen can gather together, or with their clients, or even with their employees to plan, exchange, or simply relax. It is an ideal site for banquets or celebrations, and as a setting for weddings, it is without equal.

"It's so beautiful here," said Christine St. Germain, Assistant Manager of the Lodge, "that it makes the many hours that I have to spend here enjoyable." Christine, a native of Millbury, began her career in Motel Management indirectly. She began working at Pleasant View part time and enjoyed the work so much that she took a full time position and was promoted to Assistant Manager in November 1985. It's a position she has grown into. "I was so shy at first, but I had to do more than just stand behind a desk and take reservations. I had to go out and sell the Lodge. As a result of meeting so many different people, I've had a complete personality change and now I look forward to meeting and helping people," she said.

Commenting on the variety of guests who frequent the Lodge, Christine noted, "The people I've met are truly from A to Z, including Paul Azinger to Dan Rather To Fuzzy Zoeler. Of course, the one event we are noted for is the PGA Golf Classic Tournament. We house most of the golfers because they like the facilities and are pleased with the accommodations which we have to offer."

Christine's duties are diverse. She is constantly on the run preparing for and overseeing accommodations for sales meetings, cocktail parties, and the myriad of functions that are put on at Pleasant View.

The Lodge was built by Cosomos Mingolla in 1963. In April 1982, it was sold to Bhakta Corporation and took on the name of Pleasant View Motor Lodge. Bhakta, which is headquartered in Philadelphia, PA, owns fifteen hotels throughout the United States. Pleasant View is one of two owned in Massachusetts, the other being the Whitcomb Summit located along the Mohawk Trail.

The Pleasant View Lodge has been undergoing a refurbishing, a process which is about completed. The guest rooms have been repainted and papered, and new mattresses and furniture have been added to improve the quality of the accommodations. "It's not that this refurbishing was needed," Christine explained. "We felt that since our guests are the best, they deserve the best. So we decided to make our accommodations more attractive."

In addition to guest room improvements, the foyer and banquet rooms in the rear building have been newly papered and carpeted. Future plans will see the entire facility glowing with a fresh appearance. "We are beginning to attract many new corporate accounts," Christine noted, "and we now are able to provide very polished accommodations for them as well. It's not enough for us to be adequate, we want to be something truly impressive."

Though Pleasant View caters mostly to tourists, the last few years have noticed a marked increase in larger accounts, including everything from sports events to union negotiations and corporate sales meetings. The Lodge, which looks small and cozy from the front, actually extends into the back of the property allowing for privacy and solitude for all the clients.

"Our staff," Christine stated, "is dedicated to serving our guests and we are fortunate to have a staff of very talented people who provide for a wide variety of activities. One such person, Kate Walsh, was very important in helping put together a very successful Wedding Expo Campaign. Our present staff includes Scott McEachron, James P. Mullaney, Manager, and myself," she said. Christine added that all of the staff works well together to address the needs of the guests. "I never realized just how much this area had to offer until I took this job. I guess I just took it for granted. But now, I have the luxury of seeing the area through the eyes of our guests who find the area quaint and

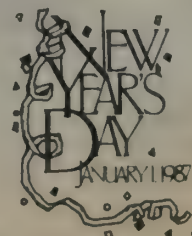

Christine St. Germain

charming with so many places to visit and historical sites to see. Some people have actually stopped here to view the foliage because they could see so much of it right here without even having to drive around."

Christine has gained renewed enthusiasm for the Millbury/Sutton area and is impressed with the selection and variety of resources which she has to offer to her guests. "I'm a firm believer in keeping business in the area, and whenever I can, I suggest local shops where people can acquire things that they need. I never realized all that we have to offer until I became involved with the Chamber of Commerce. It's like seeing my backyard for the first time."

As part of its ever expanding scope, and because the Lodge has so many features to offer brides, Pleasant View has been booking many more weddings. "Our lodge has everything for bridal parties, all under one roof. We have first class catering in attractive banquet rooms for small wedding parties, and a lovely location where bridal pictures can be taken all at one location. Family and wedding guests frequently rent rooms because of the convenience and its perfect for relatives from out of town to rent rooms. Because we offer our guests privileges at the Pleasant Valley Golf Course, many stay over or return just to play golf and tennis or just to laze around the pool." It is because Pleasant View has so many advantages that she expects to be very busy at the Wedding Expo to be held at the Centrum on Sunday, January 4.

Christine St. Germain is very proud of Pleasant View Motor Lodge and with justification. In her own words, "I like to think of it as 'The Cozy Inn'; where else can you stay in picturesque surroundings, have open spaces for the kids, skating in the winter, and a country club at your disposal? All this and quality at an affordable price."

MILLBURY HISTORICAL SOCIETY HOLDS CHRISTMAS GATHERING

By Grace Laflash

Members of the Christmas Committee: (left to right), Frank Gagliardi, Richard Church, Betty Church, Thomas Hamilton, Gerard Laflash, Arthur O'Mara.

Left to Right: Zoe White, Ruth Shimkus, Jane Jung, Grace Laflash (front), Mary Lou Mulhane, Carole Chiras

As strains of familiar Christmas carols emanated from the keyboard under the nimble fingers of Freddie Bowen, members of the Millbury Historical Society, some in costume, entered the Asa Waters Mansion through the entrance on the colonnaded side for their fourth annual Christmas gathering.

Greens, pink candles, and pink and maroon bows embellished the east parlor creating an aura of beauty which complimented the Victorian theme. The winding staircase, illuminated by the antique chandelier, was no less majestic decked in its share of greenery and bows donated by Salo-Russell Florists.

In the great room, stood a Christmas tree adorned with ribbons, chains, poppers, and cornucopias filled with popcorn and candy. Crowning the little evergreen, an angel with silver wings and white robe gazed upon the assemblage as it had done for many Christmases in the past in the childhood home of Mary Lou Mulhane.

Paul Mayberry of the Foothills Theater presented the "Joys of Christmas Past". Born on the wings of time, all were transported to the Victorian era as tales of a thirteen year old boy's experiences and life on his Uncle Moody's farm in New Hampshire were recounted. Audience participation imparted the sense of actually being there since, at various times, we

were members of the congregation of a Methodist church singing Christmas hymns, at other times animals in the barn mooing, bleating, barking, etc., and still other times ringing bells.

Clem Corey, sporting the famous "beaver" from our collection, distributed gifts. Then each guest received a popper trimmed with doilies, ribbon, and Victorian seal. Cashed inside were candies, a fortune, and a few surprises, i.e. shiny pennies, a Bicentennial quarter, and one held a sprig of holly. The possessor of the latter could claim the Christmas tree, and that was Dan Shimkus.

A collation in our upper rooms followed where Gerard Laflash's famous mulled cider was served. Most probably, this celebration emulated the festivities hosted by Susan and Asa Waters in their grand mansion in days gone by.

NEWLY ENLARGED FACILITIES

Kindergarten students from the Elmwood Street School in Millbury presented a Christmas chorale on Tuesday, December 23. The classes taking part were those of Mrs. Mary Griffith, Mrs. Susan Rogers, and Mrs. Carol Fotos.

Evelyn Shaw, Sutton Town Nurse, stands surrounded by Christmas gifts donated by various Sutton organizations for distribution to the needy. Contributions were made by: the Women's and Men's Clubs and the general congregation of the Sutton Congregational Church, St. Mark's Church, the Campfire Girls, the Cub Scouts, and the Sutton Lions Club.

Santa Claus paid a surprise visit to parishioners of Our Lady of the Assumption Church in Millbury on Christmas Eve. Shown accepting a gift from Santa is the Rev. David Carr, Associate Pastor. (Santa bore a striking resemblance to Kenny Dwyer)
